The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 16-18 and 22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

A. In claims 16-18, 22, the term "Oxone" is indefinite because it is a trade name.

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim(s) 25-28 and 51-52 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

A. In claims 25-28, it is not clear if a compound or composition is being claimed, since omeprazole, lansoprazole, pantoprazole, and rabeprazole are being claimed in each of these claims individually having less than about 4.5% sulfone. A compound can not consist of more than one compound.

B. In claims 51-52, line 1, the term "Oxone" is indefinite because it is a trade name.
